OBJECTIVE

Motivated Computer Science and Design student seeking a UI/UX internship opportunity to contribute creative, user-centered design solutions. Skilled in Figma, wireframing, prototyping, and frontend development. A quick learner eager to deliver intuitive and visually appealing digital experiences in a professional design environment.

TECHNICAL SKILLS

UI/UX & Design Tools: Figma (Wireframing, Prototyping, User Flows), Blender, Unity

Languages: Python, Java, C, TypeScript, JavaScript

Web Development: HTML, CSS, Tailwind CSS

Database: MySQL, MongoDB

Concepts: DBMS, CN, User-Centered Design, Responsive Design

Developer Tools: VS Code, Git, GitHub

UI/UX DESIGN PROJECTS

Cureyo – Medical App | [Figma · Hackathon Project](#)

- Designed a modern healthcare mobile application focused on doctor discovery and appointment booking.
- Created complete user flows including onboarding, doctor listing, booking calendar, payment, and profile management.
- Built a clean blue & white design system with consistent components — cards, modals, and navigation bars.
- Delivered a fully interactive Figma prototype with 20+ screens including room booking and success states.

College Counselling App | [Figma · UX Research · Prototyping](#)

- Designed a student-focused counselling app to help users explore colleges, courses, and career guidance.
- Built intuitive user flows and clean interface layouts through UX research and wireframing.
- Focused on accessibility, usability, and reducing friction in the college selection journey.
- Created end-to-end prototype with smooth navigation and consistent visual design language.

DEVELOPMENT PROJECTS

Weather App | [HTML · CSS · JavaScript · OpenWeather API](#)

- Built a responsive Weather App that retrieves real-time weather data via OpenWeather API, deployed on GitHub Pages.

AR Integrated for ML Operating System | [JavaScript · HTML · CSS · AR.js · A-Frame](#)

- Developed an AR-based machine training system providing real-time visual guidance and safety instructions.

Link: <https://github.com/MUKESH2101/consultancy-project>

AI Tamil Learning Platform | [TypeScript · HTML · Tailwind CSS · GitHub](#)

- Built an AI-based web platform for Tamil learning with responsive UI and modular frontend structure.

EDUCATION

Kongu Engineering College, Perundurai

2023 – 2027

B.E. in Computer Science and Design CGPA: 7.85

Kongu National Higher Secondary School, Erode

2021 – 2023

HSC — 87.2%

Kongu Vidhyalaya Matriculation School, Erode
SSLC

2020 – 2021

LEADERSHIP & EXTRACURRICULAR

- Joint Secretary — ISTE (2025–2026)
- Documentation Team — ISTE (2024–2025)

ACHIEVEMENTS

- EL FUTURIX '24 — National Level Technical Workshop on PCB Designing, AR/VR & Cyber Security, Bannari Amman Institute of Technology (Nov 2024).
- Pitch Masters — National Level Technical Symposium (MECHNOTRON 2K25), Coimbatore Institute of Technology (Mar 2025).

AREAS OF INTEREST

UI/UX Design · Web Development · 3D Modelling
